**Use The Explanation/Circumstances Form To Add Any Additional Information Which
 May Assist The Board In Determining the Extent of Assistance to Be Given**

General Procedures of The Board Of Directors Relative To The Distress Fund Awards

Attached is the FOP distress form, once it is complete fax same to the following fax numbers 410-467-1643. **Documentation is needed to show the need for assistance which includes but is not limited to pay stubs proof of debt and tax returns etc.** The board looks at an individuals ability to make loans and use other resources to rectify their problem such as deferred compensation etc. Their main objective is to attempt and give relief if individuals can show they absolutely have no way to financially deal with their situation. Many times they give advice as opposed to funds, such as having individuals negotiate with their creditors or going to other agencies that may be able to assist with along term solution. Funds when awarded are generally given for emergency situations that are beyond and individuals control and funds are paid directly to the creditor not the individual members.
